### Resident

(1) For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- b) the maintenance of a stock of goods or merchandise

belonging to the enterprise solely for the purpose of storage, display or delivery;

(5) Notwithstanding the provisions of paragraphs (1) and (2), where a person other than an agent of an independent status to whom paragraph (6) applies is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts on behalf of the enterprise, or maintains a stock of goods or merchandise belonging to the enterprise, from which regular delivery of such goods and merchandise is carried on in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph (4) which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

(6) An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

(7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income from Immovable Property

(1) Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

(2) The provisions of paragraph (1) shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

(3) The provisions of paragraphs (1) and (2) shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

## Article 7

### Business Profits

(1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

(2) Subject to the provisions of paragraph (3), where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

(3) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

(4) Insofar as it has been customary in a Contracting State to determine, according to its laws, the profits to be attributed to a permanent establishment on the basis of an

apportionment of the total profits of the enterprise to its various parts, nothing in paragraph (2) of this Article shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

(5) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(6) For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

(7) Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

(1) Profits of an enterprise from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

(a) income from the rental on a bareboat basis of ships or aircraft;

and

(b) profits from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used for the transport of goods or merchandise;

where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships or aircraft in international traffic.

(3) If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

(4) The provisions of paragraph (1) shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

Associated Enterprises

Where

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State,

or

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

Article 10

Dividends

(1) Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

(2) However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 20 per cent of the capital of the company paying the dividends;
- b) 10 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

(3) The term "dividends" as used in this Article means

- a) dividends on shares including income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, and
- b) other income which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident, and for the purpose of taxation in the Federal Republic of Germany, income derived by a sleeping partner ("stiller Gesellschafter") from his participation as such and distributions on certificates of an investment fund or investment trust.

(4) The provisions of paragraphs (1) and (2) shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(5) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

Interest

(1) Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

(2) However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed

- b) interest arising in the Federal Republic of Germany and paid to the Government or to the Central Bank of Ukraine shall be exempt from German tax.

(4) The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

(5) The provisions of paragraphs (1) to (3) shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(6) Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a Land - in the case of the Federal Republic of Germany -, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

(7) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

## Article 12

### Royalties

(1) Royalties arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State if such resident is the beneficial owner of the royalties.

In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(6) Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a Land - in the case of the Federal Republic of Germany -, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has a permanent establishment or fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

(7) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

The Federal Republic of Germany, however, retains the right to take into account in the determination of its rate of tax the items of income and capital so exempted.

In the case of dividends exemption shall apply only to such dividends as are paid to a company (not including partnerships) being a resident of the Federal Republic of Germany by a company being a resident of Ukraine at least 10 per cent of the capital of which is owned directly by the German company.

### Non-discrimination

(1) Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

(2) Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances are or may be subjected.

(3) The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes which it grants only to its own residents.

(4) Except where the provisions of Article 9, paragraph (7) of Article 11, or paragraph (7) of Article 12 apply, interest, royalties and other disbursements paid by an

enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

(5) Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

(6) The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 25

Mutual Agreement Procedure

(1) Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph (1) of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Agreement.

(2) The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

(3) The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

(4) If the taxation of income in a Contracting State is effected by the way of withholding tax at source, and if this taxation is limited by the provisions of this Agreement, the application of this tax reduction or exemption shall be governed by the national law of that State in conjunction with the procedures agreed upon for this purpose between the competent authorities of the two Contracting States.

(5) The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs of this Article.

Article 26

Exchange of Information

(1) The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Agreement. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Agreement. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

(2) In no case shall the provisions of paragraph (1) be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial or

professional secret or trade process, or information, the disclosure of which would be contrary to "ordre public".

Article 27

Diplomatic and Consular Privileges

(1) Nothing in this Agreement shall affect the fiscal privileges of members of a diplomatic mission, a consular post or an international organisation under the general rules of international law or under the provisions of special agreements.

(2) Notwithstanding the provisions of Article 4, an individual who is a member of a diplomatic mission or a consular post of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed for the purposes of the Agreement to be a resident of the sending State if:

- a) in accordance with international law he is not liable to tax in the receiving State in respect of income from sources outside that State, and
- b) he is liable in the sending State to the same obligations in relation to tax on his world income as are residents of that State.

Article 28

Entry into Force

(1) This Agreement shall be ratified and the instruments of ratification shall be exchanged at Kiev as soon as possible.

(2) This Agreement shall enter into force one month from the date of the exchange of the instruments of ratification and shall have effect in both Contracting States:

- a) in the case of taxes withheld at source, in respect of amounts paid on or after the first day of January of the calendar year next following that in which the Agreement enters into force;
- b) in the case of other taxes, in respect of taxes levied for periods beginning on or after the first day of January of the calendar year next following that in which the Agreement enters into force;

(3) The Agreement between the Federal Republic of Germany and the Union of Soviet Socialist Republics for the Avoidance of Double Taxation of Income and Property signed at Bonn on 24th November 1981 shall cease to have effect as regards the taxes to which this Agreement applies in accordance with the provisions of paragraph (2).

Article 29

Termination

This Agreement shall continue in effect indefinitely but either of the Contracting States may, on or before the thirtieth day of June in any calendar year beginning after the expiration of a period of five years from the date of its entry into force, give the other Contracting State, through diplomatic channels, written notice of termination and, in such event, this Agreement shall cease to have effect in both Contracting States:

- a) in the case of taxes withheld at source, in respect of amounts paid on or after the first day of January of the calendar year next following that in which notice of termination is given;
- b) in the case of other taxes, in respect of taxes levied for periods beginning on or after the first day of January of the calendar year next following that in which notice of termination is given.

Protocol

Ukraine

and

the Federal Republic of Germany

have agreed at the signing at Bonn on *3<sup>rd</sup> July, 1995* of the Agreement between the two States for the avoidance of double taxation with respect to taxes on income and capital upon the following provisions which shall form an integral part of the said Agreement.

1. With reference to Article 7

- a) Where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other Contracting State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received therefore by the enterprise but only on the basis of the remuneration which is attributable to the actual activity of the permanent establishment for such sales or business.
- b) In the case of contracts, in particular for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of

public works, where the enterprise has a permanent establishment in the other Contracting State, the profits of such permanent establishment shall not be determined on the basis of the total amount of the contract, but only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the Contracting State in which it is situated. Profits derived from the supply of goods to that permanent establishment or profits related to the part of the contract which is carried out in the Contracting State in which the head office of the enterprise is situated shall be taxable only in that State.

- c) Payments received as a consideration for technical services, including studies or surveys of a scientific, geological or technical nature, or for engineering contracts including blue prints related thereto, or for consultancy or supervisory services shall be deemed to be payments to which the provisions of Article 7 or Article 14 of the Agreement apply.

2. With reference to Articles 10 and 11

Notwithstanding the provisions of these Articles, dividends and interest may be taxed in the Contracting State in which they arise, and according to the law of that State,

- a) if they are derived from rights or debt claims carrying a right to participate in profits (including income derived by a sleeping partner from his participation as such, from a "partiarisches Darlehen" and from "Gewinnobligationen" within the meaning of the tax law of the Federal Republic of Germany) and
- b) under the condition that they are deductible in the determination of profits of the debtor of such income.

3. With reference to Article 23

- a) Where a company being a resident of the Federal Republic of Germany distributes income derived from sources within Ukraine paragraph (1) of Article 23 shall not preclude the compensatory imposition of corporation tax on such distributions in accordance with the provisions of German tax law.
- b) The Federal Republic of Germany shall avoid double taxation by a tax credit as provided for in paragraph (1) b) of Article 23, and not by a tax exemption under paragraph (1) a) of Article 23,
  - aa) if in the Contracting States income is placed under differing provisions of the Agreement or attributed to different persons [other than under Article 9 (Associated Enterprises)] and this conflict cannot be settled by procedure pursuant to Article 25 and
  - i) if as a result of such placement or attribution the relevant income would be subject to double taxation; or

- ii) if as a result of such placement or attribution the relevant income would remain untaxed or be subject only to inappropriately reduced taxation in Ukraine and would (but for the application of this paragraph) remain exempt from tax in the Federal Republic of Germany; or
- bb) if the Federal Republic of Germany has, after due consultation and subject to the limitations of its internal law, notified Ukraine through diplomatic channels of other items of income to which it intends to apply this paragraph in order to prevent the exemption of income from taxation in both Contracting States or other arrangements for the improper use of the Agreement.

In the case of a notification under subparagraph bb) Ukraine may, subject to notification through diplomatic channels, characterise such income under the Agreement consistently with the characterisation of that income by the Federal Republic of Germany. A notification made under this paragraph shall have effect only from the first day of the calendar year following the year in which it was transmitted and any legal prerequisites under the domestic law of the notifying State for giving it effect have been fulfilled.

#### 4. With reference to Article 26

It is understood that, if in accordance with domestic law personal data are exchanged under this Agreement, the following additional provisions shall apply:

- a) The data-receiving Contracting State may use such data only for the stated purpose and shall be subject to the conditions prescribed by the data-supplying Contracting State.
- b) The data-receiving Contracting State shall on request inform the data-supplying Contracting State about the use of the supplied data and the results achieved.
- c) Personal data may be supplied only to the responsible agencies. Any subsequent supply to other agencies may be effected only with the prior approval of the data-supplying Contracting State.
- d) The data-supplying Contracting State shall be obliged to ensure that the data to be supplied are accurate and that they are necessary for and commensurate with the purpose for which they are supplied. Any bans on data supply prescribed under applicable domestic law shall be observed. If it emerges that inaccurate data or data which should not have been supplied have been supplied, the data-receiving Contracting State shall be informed of this without delay. That State shall be obliged to correct or delete such data.
- e) Upon application the person concerned shall be informed of the supplied data relating to him and of the use to which such data are to be put. There shall be no obligation to furnish this information if on balance it appears that the public interest in withholding it outweighs the interest of the person concerned in receiving it. In all other respects, the right of the person concerned to be informed of the supplied data

relating to him shall be governed by the domestic law of the Contracting State in whose sovereign territory the application for information is made.

- f) The data-receiving Contracting State shall bear liability in accordance with its domestic laws in relation to any person suffering unlawful damage as a result of supply under the exchange of data pursuant to this Agreement. In relation to the damaged person, the data-receiving Contracting State may not plead to its discharge that the damage had been caused by the data-supplying Contracting State.
- g) If deadlines for the deletion of data are prescribed by the domestic law of the data-supplying Contracting State, that State shall indicate such deadlines on supplying the data. Irrespective of such deadlines, supplied personal data shall be deleted as soon as they are no longer required for the purpose for which they were supplied.
- h) The data-supplying and receiving Contracting States shall be obliged to keep official records of the supply and receipt of personal data.
- i) The data-supplying and receiving Contracting States shall be obliged to take effective measures to protect the personal data supplied against unauthorised access, unauthorised alteration and unauthorised disclosure.
